AppSuite Engineering Services Plugins
Release Notes for Release 1.2.0

March 29, 2017

Copyright notice

1   General Information

This release extends the Sieve blacklist plugin. It is possible to enable a dedicated save and edit button in the settings and the list of entries is searchable now.

In addition an integration to the Twillio SMS integration has been developed. It can be used in the client onboarding to send SMS to devices with setup instructions.

2   Shipped Product and Version

Open-Xchange AppSuite Engineering Services Plugins 1.2.0-rev4
