April 9, 2014

Copyright notice

1　Shipped Product and Version

Open-Xchange OXUpdater 7.4.2-rev10

Open-Xchange OXDrive for Windows 1.2.2

2　General information

Russian was added as supported language.

3　Bugs fixed with this Release

This document provides a summary of bugfixes and changes that have been applied subsequently to shipping Release 1.0.0. Some of the announced bugfixes may have already been fixed at the existing code-base via Patch Releases.

31386　OX drive refuses to work when TLSv1 protocol is disabled in Apache
The default settings of .NET only support SSLv3 and TLS1.0.
This has been fixed by adding support for TLSv1.1 and TLSv1.2

31904　By quota option shown while the there is no backend option to by quota
The quota link was displayed, even if the backend did not provide a link.
The link is only visible if the backend provides a quota link (com.openexchange.drive.directLinkQuotade
property in drive.properties).

4　Tests

The Open-Xchange QA team has successfully verified all bug fixes that could be reproduced within a lab environment.
　　To avoid side effects, the shipped packages have gone through automated regression test on both, a Continuous Integration System and a dedicated server setup for system and integration testing.
　　All changes have been checked for potential side-effects and effect on behavior. Unless explicitly stated within this document, we do not expect any side-effects.

5　Fixed Bugs
